

FAA Safety Team presents:

Teaching with Tablet Technology and the New Requirements for the Issuance of a Student Pilot Certif

At this CFI Open Forum, we will discuss Teaching with Tablet Technology. The purpose of this Flight Instructor Open Forum is to stimulate discussion regarding EFB (Electronic Flight Bag), which is any electronic tablet, phone or other capable of providing current aeronautical charts, moving maps, flight planning, weather or traffic displays. We will discuss the best practices in teaching with reference to tablet computer hardware and software. Do not miss this opportunity to discuss the methods, techniques, and challenges involved with using tablet technology on the flight deck. In addition, we will review new procedural requirements for the issuance of a Student Pilot Certificate. Flight Instructors, Ground instructors, Designated Pilot Examiners, and instructors in training are welcome and encouraged to attend. Click the link below and register TODAY.

Directions: The meeting will be held in the Lenoir Community College Aviation Center. It is located behind the General Aviation FBO. It is to the left of the main terminal. Please preregister. Call George Wolfe at 919-252-7220 after 4:00 PM on day of program for any weather cancellations during inclement weather conditions. Seminar will be held in the Aviation Management Class Room
