

## Spring into Action WINGS Seminars

Don't miss a great opportunity to participate in THREE aviation seminars. First, learn new facts about the JFK Jr. accident that will help you to better understand what really happened and how to avoid making the same mistakes. Then we will take another look at Thunderstorms, a clear and present danger. They are back in the forecast and present significant hazards. Lastly, but just as important, we will examine how to manage "unexpected events" that may catch us all by surprise. All classes are approved for WINGS Credit. Click on the link below and register TODAY.

**Directions:** Seminars will be held in the NEW GTCC AV3 Campus across from Honda Jet on Old Stage Coach map. See Map connection. Look for seminar signs. Transportation for "Fly-Ins" can be arranged if you make advance requests. See contact information below. The Landmark parking fee may be waived. Call for details.

### A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.  
Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
