

Women In Aviation Series Part I

Risky Business: Aviation in East Africa. Flying over the jungles has a familiar adage - A failure to plan is a plan for failure. All pilots are required at some point to perform short field landings, but did you ever have to avoid a giraffe on final approach? Join us in our first Women in Aviation seminar series, where local pilot Kate Kayes will share her thrilling experiences. Discover how she managed the multitude of risks and hazards flying over the African jungles where failure was not an option. Click the link below and register TODAY.

Directions: Please pre-register. Seminar will be held in the General Aviation Terminal located between TacAir and Signature Flight Support.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
Sign up for the FAA's safety services at www.FAASafety.gov!
