

FAA Safety Team & Greensboro FSDO presents:

# **Pizza Night - Mind over Matter Strengthening the Weakest Link**

Being a safe pilot requires more than good stick and rudder skills. George Perry, AOPA's Air Safety Institute Senior Vice President discusses simple techniques that can increase pilot performance and reduce pilot error. How we approach decision making has an impact on our flying safety. Being a safe pilot is just as much about learning how to think as it is learning how to fly. This discussion looks at some of the time tested ways pilots in the safest sectors of aviation are "trained to think" about safety and safety culture. These lessons learned are easily transferable to GA pilots and help decrease decision based human error.

**Directions:** Enter airport grounds on Rod Sullivan Road. Turn right on Ammons Farm Road, keep chain link fence and airport beacon on your left. Turn left at gate with Wings of Carolina yellow direction sign with red lettering. Parking lot in front of and next to the Wings of Carolina Flying Club. For Fly In aircraft, parking is available on ramp in front of Wings of Carolina Flying Club or ramp area in front of FBO.

### **A message from the National FAASafety Team Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.

## Event Details

**Tue, Nov 15, 2016 - 18:30 EST**  
**Wings of Carolina Flying Club /**  
**Raleigh Executive Jetport**  
702 Rod Sullivan Road  
Sanford, NC 27330
