

Cold Weather Operations

We will discuss things to do to prepare for flying in the winter season. Especially how weather can influence your operation under varying conditions both physically and equipment performance.

https://www.faasafety.gov/gslac/alc/libview_normal.aspx?id=10520

Directions: The Aviation Technology building is first building on right at the end of Aviation Drive. The break room is the first room on left after entering the front door. Aircraft parking is available on ramp area.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
