

FAASTeam and the Greensboro FSDO presents:

# Too Cold for Comfort - Preparing for Winter Operations

Sugar Valley Airport (SVA) is a virtual "Airport Garden of Eden". It's a premier destination to which to fly or drive. FAASTeam volunteers and the SVA folks will make your visit memorable and enjoyable. Tour the scenic grounds. Attend an informative FAASTeam aviation seminar and learn what aircraft preparations you can make now that cold weather is here. Can flying through a snow shower be hazardous? You will hear about special preventive maintenance tips, preflight planning, en route considerations, aircraft servicing, static electricity hazards, and more. Door prizes, refreshments, and fun for all. Seating is limited. Click on the link below to register TODAY!

**Directions:** From I 40, take Exit 174, Farmington Road. Proceed North on Farmington Road for 2 miles. Turn right on Pinebrook Drive which becomes Gilbert Road and ends at the Sugar Valley Airport. Look for FAA Seminar signs.

#### **A message from the National FAASTeam Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASteam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
