

CFI Open Forum - Open to ALL Pilots

Flight instructors must recognize what is happening internally with students, and either reinforce positive reaction strategies and attitudes, or identify where restricted thinking exists, in order to optimize the students' capabilities. At this FAASTeam Flight Instructor Open Forum we will explore this complex topic to better prepare our students.

Flight Instructors, Ground Instructors, Designated Pilot Examiners, Instructors-in-training and all pilots are welcome and encouraged to attend! Join your fellow aviators and take an active role in improving aviation safety! Click on the link below and register TODAY!

Directions: CFI Forum will be held in the Airport Main Terminal Conference Room. Event is open to all pilots.
