

Secrets Only Pilots Know About Airports

Learn the secrets that few experienced pilots even know. Do you know how to visually identify runway length, width and what approaches are available right from your cockpit window? This briefing offers pilots of any skill level unique perspectives about the world of airport facilities such as NAVAIDs, pavement markings, airfield signing, lighting, communications and much, much more. Reduce your probability for making a mistake while becoming a safer and more informed pilot!

Directions: Total Flight Solutions Classroom -- Second Floor

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
