FAA Safety Team presents:

Where is My Gear by IMC Club Monthly Meeting
"Where's My Gear?" IMC Club Monthly Meeting. Presented by Chad Hilty, EAA IMC Club Chapter President and FAASTeam member. We'll address an unusual situation submitted by an IMC Chapter from Rhode Island and discuss management of landing gear difficulties. EAA IMC Club, through its nationwide chapters, provides organized "hangar flying" focused on building instrument flying, knowledge and skills. The organization network promotes a safety culture through continued education and believes that safety and proficiency are developed through education and experience. Monthly Meetings offer an opportunity to share in-flight experiences and valuable safety tips. Through the FAA Safety Program, informative WINGS presentations are offered by aviation professionals. You do not have to be a rated instrument pilot to attend. Membership in the international EAA IMC Club is encouraged. Click the link below and register TODAY!

**Directions:** The hangar is located next to the airport beacon, close to the SkySouth FBO. Aircraft parking is available outside the hangar on the ramp or at the SkySouth FBO. Transportation is available.
A message from the National FAASTeam Manager
Invite a fellow pilot to the next WINGS Safety Seminar in your area.
Sign up for the FAA’s safety services at www.FAASafety.gov!

The FAA Safety Team (FAASteam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the “Contact Information” area of the meeting/event notice. Note that two weeks is usually required to arrange services.
