

Non-Towered Airport Operations

Non-Towered airports can be dangerous and traffic unpredictable. We will discuss rules, regulations, recommendations, and best practices to avoid having an accident or incident at uncontrolled airports.

Directions: From Swift Creek Rd, enter at the main entrance and park in the main parking lot. Flying in is encouraged and parking is available on the apron in front of the terminal building.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
