

FAASTeam presents:

Operation Raincheck - ATC Townhall

RDU ATC Controllers will conduct a town hall focused on ATC safety issues and include a Q&A. Participants are encouraged to submit their questions ahead of time to jnabors1124@gmail.com. The Q&A will be divided into VFR related questions first then IFR questions.

Tower Tours will be conducted 1300-1600 in half hour increments in groups of 12; Limited to 6 groups (72) people.

Directions: NC DOT Hangar is located at RDU airport just off of W International Drive across from the RDU Observation Deck.

Limited aircraft parking is available at the Division of Aviation Hangar until the conclusion of the seminar portion of the program at Noon. If you are scheduled for a tour of the RDU ATCT in the afternoon we suggest parking at one of the FBOs. There are no tie-down ropes at the hangar, and please bring your own chocks. Please park to the left hand side of the hangar door (when viewed from the ramp side) as not to prevent normal hangar access and passenger service for Division aircraft to the ramp side entrance door. Questions? Contact TC Freeman, Division of Aviation, tfreeman@ncdot.gov or 919-814-0559

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
