

Pizza Night Accidents Sometimes They are a Team Effort

Retired NTSB investigator Scott Dunham presents a pair of case studies where pilots and controllers both contributed to the accident chain. (And it's ALWAYS a chain...) We'll also discuss ATC procedures, and what to do when things start going wrong.

Directions: Enter airport grounds on Rod Sullivan Road. Turn right on Ammons Farm Road, keep chain link fence and airport beacon on your left. Turn left at gate with Wings of Carolina yellow direction sign with red lettering. Parking lot in front of and next to the Wings of Carolina Flying Club. For Fly In aircraft, parking is available on ramp in front of Wings of Carolina Flying Club or ramp area in front of FBO. When flying in, park in any of the spots with tiedown ROPES

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
