

Find Your Way Around the Airport and The Tool Box

Non-Towered airports can be dangerous and traffic unpredictable. We will discuss rules, regulations, recommendations, and best practices to avoid having an accident or incident at uncontrolled airports. Have you ever thought about doing some of your own maintenance? Come hear what legally can be done by the owner of the aircraft.

Directions: Take Highway 220 north from Greensboro, then exit at 135 Mayodan / Eden. Turn right onto 135 and go about 5 miles. Then turn right onto Settle Bridge Road and the airport is about 1 mile on the left. Park by the FBO.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
