

FAASTeam presents:

# **Non-Tower Airport Operations for Local Residents**

A diverse amount of airborne traffic can make sharing local airspace at a non-towered airport challenging at times. We will look at traffic patterns, established procedures, communications, collision avoidance, nonstandard aviation operations and the new FAA Advisory Circular, AC 90-66B (Non-Towered Airport Flight Operations) during this presentation. The program will include an open discussion from the local pilot community.

**Directions:** From I-40, Take exit 161 for US-70 E toward NC-86 N; Turn left onto US-70 E; Sharp left onto NC-86 N; Turn right onto NC-57 N; Turn left onto NC-157 N; Turn right onto Berry Rd; Continue onto Berry-Pearce Rd; Turn right to stay on Berry-Pearce Rd; Turn left onto Satterfield Rd; Turn right onto Frank Timberlake Rd; Turn right onto Cates Mill Rd; Turn right onto Montgomery Dr; Turn left and Destination will be on the left

#### **A message from the National FAASTeam Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
