

Managing Cockpit Distractions - February VMC Club

GA pilots are particularly at risk of catastrophic errors caused by interruptions and distractions because they typically don't have additional flight crew members to assist them. Gain some awareness on how to properly cope with different types of distractions whether on the ground or in the air.

Directions: The hangar is located next to the airport beacon, close to the SkySouth FBO. Aircraft parking is available outside the hangar on the ramp or at the SkySouth FBO. Classroom at Elon Aviation
