

FAASTeam presents:

# Monthly IMC Club Meeting - IMC Blues

It's a perfect IMC day, you can get the rest of your required practice approaches in. The instruments in your cockpit appear to be a little off. ATC gives you a vector, then tells you that you are 80 degrees off the heading. What now? Let's discuss alternatives and options

IMC Club, through its nationwide chapters, provides organized "hangar flying" focused on building proficiency in instrument flying. Believing that safety and proficiency are developed through education and experience. Monthly meetings use real world scenarios to engage our members and allow them to share and build their experience. For IFR pilots, IFR students and anyone thinking about flying in the clouds. Bring iPad or other device to view instrument procedures. Click on the link below and register TODAY.

## Event Details

**Wed, Feb 10, 2021 - 19:00 EST**
