

FAASTeam presents:

# Monthly VMC Club Meeting - The Engine Skipped Just One Beat

You are on your way to a popular sport airshow from your home in central Florida. You have your daughter and your friend on board.

The engine starts running roughly. You try everything in your bag of tricks, change tanks, check magnetos, etc. Nothing helps. Now what? Let's discuss alternatives and options

VMC Club, through its nationwide chapters, provides organized "hangar flying" focused on building proficiency in VFR flying. Believing that safety and proficiency are developed through education and experience. Monthly meetings use real world scenarios to engage our members and allow them to share and build their experience.

For all pilots, student pilots and anyone thinking about flying. Bring iPad or other device to view charts. Click on the link below and register TODAY.

## Event Details

**Wed, Apr 21, 2021 - 19:00 EDT**
