

FAASTeam presents:

What Do You Get With A 300 Dollar Annual Inspection

In this Webinar, we will look at what is involved in performing an Annual Inspection correctly. We look at accidents related to maintenance personnel who failed to follow the inspection checklist, maintenance manual, standard practice, or the manufacturer procedures. We will talk about which checklist is right for your aircraft. We will also explore what an owner can do on his aircraft and still be legal along with owner assisted annual inspections.
