

FAASTeam presents:

# Monthly VMC Club Meeting - It is Snow Everywhere

You leave your home airport and fly to a nearby airport for cheap fuel. When you get there, the runway is plowed but not the taxiways. You fly to your alternate, but even the runway is not plowed. You are getting low on fuel. Now WHAT?

Let's discuss alternatives and options VMC Club, through its nationwide chapters, provides organized "hangar flying" focused on building proficiency in VFR flying. Believing that safety and proficiency are developed through education and experience. Monthly meetings use real world scenarios to engage our members and allow them to share and build their experience. For all pilots, student pilots and anyone thinking about flying. Bring iPad or other device to view charts. Click on the link below and register TODAY.
