

Owner Maintenance and Maintenance Related Accidents

Learn about the preventive maintenance items you can perform as an owner. Learn how to decide when to perform it yourself and when its better left up to the professionals. Learn what tooling is required to perform the maintenance. Find out about manuals and what you are required to have. We will also look at some accidents when these task are not properly done. The examples will be both certificated mechanics and owners performing maintenance. With this knowledge, you'll have a better understanding what your mechanic faces everyday.
