

Monthly VMC Club Meeting - Ups and Downs

You have planned a diving trip to a deep gorge in the Rocky Mountains. Getting ready to fly home, what do you need to consider?

Our second scenario is about a possible cross-country trip from Oregon to Vermont.

Let's discuss alternatives and options.....

VMC Club, through its nationwide chapters, provides organized “hangar flying” focused on building proficiency in VFR flying. Believing that safety and proficiency are developed through education and experience. Monthly meetings use real world scenarios to engage our members and allow them to share and build their experience. For all pilots, student pilots and anyone thinking about flying. Bring iPad or other device to view charts. Click on the link below and register TODAY.

This is an on-line discussion group, geographic barrier has been eliminated!
