

FAY-Fayetteville Area Pilot-Controller Forum

As Pilots, we have learned a tremendous amount about procedures, communications, and compliance with Air Traffic Control. That's about as much as most Pilots ever get. What if there was more?

The Pilot-Controller Forum is the opportunity to have a face-to-face conversation with your local controller; your chance to ask those nagging questions, to express your concerns and to make recommendations.

Don't pass up this opportunity to interface with ATC and the other pilots of your community. ATC wants to hear from you to make the airspace efficient and SAFE!

From Hwy 301/Bus 95 take the Airport Rd and follow it into the airport.

For Parking - please use the **Long -Term parking lot**, and your parking will be validated by the airport management for attending this meeting.

The conference room is located on the first floor in the main terminal.
