

Radio Relationships - Comprehend Your Partner and Avoid Miscommunication

Event Details

This seminar will explore the relationship between air traffic controllers and pilots. We will discuss how the effective collaboration between these two key stakeholders is vital to the safety and integrity of flight. Participants will learn how clear, consistent, and confident radio communication is a key factor for operations within controlled airspaces.

Upon entering Atlantic Aviation's main general aviation terminal, take a right. The Atlantic Aviation conference room is located immediately to your right on the lower level.
