

Bang! Now What! - Fly the Plane!

Please Note the Change in the Start Time for this Months Meeting. (5:15 instead of 5:00)

This seminar will explore responses to unexpected events and covers practical techniques for managing cognitive overload from the startle factor to maintain safe aircraft control. Participants will learn strategies to recognize startle responses, prioritize tasks effectively, and apply fundamental principles when faced with high-stress scenarios.

Upon entering Atlantic Aviation's main general aviation terminal, take a right. The Atlantic Aviation conference room is located immediately to your right on the lower level.
