

## Monthly IMC Club Meeting - Trim Trouble

Our pilot is faced with a potential systems malfunction during a roughly 90-minute flight in IMC in a Beech Baron.

Let's discuss alternatives and options

IMC Club, through its nationwide chapters, provides organized “hangar flying” focused on building proficiency in instrument flying. Believing that safety and proficiency are developed through education and experience. Monthly meetings use real world scenarios to engage our members and allow them to share and build their experience. For IFR pilots, IFR students and anyone thinking about flying in the clouds. **Bring iPad or other device to view instrument procedures.** Click on the link below and register **TODAY.**

This is an on-line discussion group, geographic barrier has been eliminated!
