

Goldsboro Wayne Aviation Association (GWAA) Safety Meeting

The Seven Ages of Aviation trace humanity's journey from the earliest dreams of flight to today's advanced aircraft and the possibilities of tomorrow. From pioneering experiments and wartime innovation to the growth of commercial travel, the Space Age, and modern sustainable technology, each era reflects aviation's remarkable power to connect people, inspire discovery, and transform the world. Come listen to Mr. Jennings inspire aviation to all who can join.
