*FROM THE JUNGLES OF VIETNAM TO THE FAA JUNGLE*

ENTERTAINING WITH THE ADDED POSSIBILITY OF SAVING ONE OF US FROM AN  
EMBARRASSING OR WORSE INCIDENT IN THE FUTURE

Jack Keenan launched his helicopter career in the US Army and has accumulated 16,000 hours of safe flying performing a variety of missions from supporting our troops in Vietnam to traffic patrol to corporate to part 135 charter to flight instruction to Designated Examiner to Emergency Medical and currently as a helicopter safety expert for the FAA

This will **not** be the run of the mill, ho hum safety seminar, Jack has said that we will all try to fly a hangar or something like that.

*Attendance at this event is a qualified safety seminar for the FAA Wings program*
