

The FAA Safety Team presents:

Proficiency Matters!

Preparation is the key to success in any endeavor! It's no different in aviation. History has taught us that inadequate pre-flight planning can often lead to undesirable outcomes... including accidents! At this exclusive briefing, we'll discuss how thorough preparation for a long cross country trip, along with recurrent training and proficiency made the difference in the life of one pilot who made it to the ground safely after the engine quit! Attend this meeting and find out how!

Directions: From the North: Take Rt. 295 South to Exit 9A to Rt 146 South. Turn on Rt 116 South. Merge to W. Greenville Rd. Left on Albion Rd. From the South: Take Rt 295 North and follow directions from above. Please Pre-Register to ensure you receive your WINGS Credit!

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area
Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants.
