

The FAA Safety Team presents:

Mastering the Art of Instrument Navigation

The IMC Club, through its nationwide chapters, provides organized “hangar flying” focused on building proficiency in instrument flying. Believing that safety and proficiency are developed through education and experience. At this meeting we will use real world scenarios to engage our members and allow them to share and build their experience. You do not have to be instrument rated to attend.

Directions: Please go to map link for directions, go to Gate 2, seminar will be held in the Green Hanger.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the “Contact Information” area of the meeting/event notice.
