

Bridgewater State University Aviation Safety Seminar

Stalls & Spins, an aerodynamic facet of flying that must be understood by all fixed wings pilots. Join the BSU Flight Training Educators to peer into the How & Why of Stalls & Spins. Recent Accidents & Incidents will be reviewed along with the factors involved in the development of Stalls & Spins. A discussion of the factors and better yet, practical tips on how to avoid a Stall/Spin accident. Attend this event. Click on the link below and register TODAY.

Directions: See map link above, or the Additional Information Section below for driving directions.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
