

IMC Club - Mastering the Art of Instrument Navigation

Believing that safety and proficiency are developed through education and experience. Monthly meetings use real world scenarios to engage our members and allow them to share and build their experience. At the meeting, prospective members will be given the opportunity to see the presentation by IMC Club founder and EAA Flight Proficiency Manager Radek Wyrzykowski. You do not have to be instrument rated to attend.

As of Nov 2015, the IMC organization became a subsidiary of the EAA. Details to be discussed at the meeting.
