

# First Flight Considerations of Experimental/Amateur Built or After Major Repair

This safety seminar is important for anyone preparing for either the first flight of a homebuilt aircraft – or a newly restored aircraft. The seminar will cover Flight Test Plan considerations, such as In-Flight and Ground Emergencies, Pilot Safety and Emergency Equipment, Training Options, Documentation, Taxi & Flight Tests. See add'l info below. To register for this event, click on the link below TODAY to help us with our handouts count.

**Directions:** No GPS address for airport GATE 4, so when near 400 Holt Rd, follow the EAA signs. Ideally, please arrive between 9:00-10:30 when we will have someone manning the gate for entry. Outside those times, please call the number on the paper taped to the yellow post for someone to come let you in.

## A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
