

# Metal and Composites Workshops at the 2016 NorthEast Experimental Fly-In

## Composite Aircraft Construction and Repair workshop

The Composite Aircraft Construction and Repair workshop will introduce the attendee to basic composite building techniques. See complete description in additional info.

## Basic Metal Aircraft Construction workshop

This workshop is designed to familiarize the attendee with basic metal aircraft construction and the tools used. See complete description in additional info.

**Directions:** No GPS address for airport GATE 4, so when near 400 Holt Rd., follow the EAA signs. Ideally, please arrive between 9:00-10:30 when we will have someone manning the gate for entry. Outside those times, please call the number on the paper taped to the yellow post for someone to come let you in.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
