

The Art of Instrument Flying

It is critically important for an instrument rated pilot to stay ahead of the airplane at all times. It requires awareness of a large variety of elements that go beyond just knowing where one is and what is next. In this seminar, Master CFI Doug Stewart will discuss how he employs the many different elements of situational awareness to drive his IFR best practices. Don't miss this exclusive event. Click the link below and register TODAY.

Directions: EAA Pilot Proficiency Center

AirVenture 2016

Venue location: Four Corners (Knapp Street & Celebration Way)

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
