

Weather for Dummies - IMC Club

“Uneven heating of the earth” – what does it all mean? As the weather and climate changes it is a great time to focus on how it affects our flying. To that end Radek Wyrzykowski, EAA Flight Proficiency Manager and IMC Club Founder is presenting "Weather for Dummies". He breaks down complex concepts in simple terms you can understand without a degree in meteorology. What you will learn you will be able to apply for practical purposes in your aviation activities. You do not have to be instrument rated to attend. Click on the link below and register TODAY.

Directions: The meeting will be held in the Main MillionAir FBO Building, Second floor conference room.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
