

FAA Safety Team presents:

IMC Club - Mastering the Art of Instrument Navigation - Fire emergency!

You break out of clouds almost immediately as your radar services being terminated. Suddenly, you look at your panel and there is smoke coming from under the switch panel... what would you do?

Believing that safety and proficiency are developed through education and experience. Monthly meetings use real world scenarios to engage our members and allow them to share and build their experience. At the meeting, prospective members will be given the opportunity to meet and interact with IMC Club founder and EAA Flight Proficiency Manager Radek Wyrzykowski. You do not have to be instrument rated to attend. Click on the link below and register TODAY.

Directions: The meeting will be held in the Main MillionAir FBO Building, Second floor conference room. Aircraft parking available on ramp area.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
