

Proficiency Matters!

Preparation is the key to success in any endeavor! At this seminar we will discuss a long cross country trip. We will examine how preparation, along with recurrent training and proficiency made the difference to the pilot who made it to the ground safely after the engine quit! Attend this seminar and discuss what decisions you would have made if it had been you!

Directions: From RT-24, south of I-495, take exit 13A on to RT-44 East. After 0.2 miles take a right on to Orchard St. that continues on to S St E. After about 1.5 miles, turn left on to Middleboro Ave. After 0.7 Miles turn right on to Westcoat Dr. Building #14 is through the gate at the west end of the main parking lot, continue to the end. Click here for a map.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
