

Engine out? Think like a Glider Pilot

A discussion of glider techniques will show you how altitude, situational awareness, and knowledge of winds are critical to the single engine pilot. Find out how to choose a suitable landing site during an engine failure emergency and how to be able to land there safely.

Directions: EAA Pilot Proficiency Center

AirVenture 2016

Venue Location: Four Corners (Knapp Street & Celebration Way). Across from the EAA Membership Pavilion

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
