

FAA Safety Team presents:

Discover VMC Club / Master the Art of Aviation

Our intent is to create a community of pilots to share information, provide recognition, foster communications, promote safety and build proficiency in aviation. EAA/VMC Club, through the EAA's global chapter structure, provides organized "hangar flying" focused on building flying knowledge and skills.

The program's network promotes a safety culture through continued education and believes that we develop safety and proficiency through education and real life experience. Monthly meetings offer an opportunity to share in-flight experiences and valuable safety tips. Through the FAA Safety Program, aviation professionals provide informative WINGS presentations. Membership in the EAA/VMC Club is not required to participate in this meeting. For more information and to take part in this event, click the link below and register TODAY!

Directions: EAA Pilot Proficiency Center
AirVenture 2016

Venue Location: Four Corners (Knapp Street & Celebration Way). Across from the EAA Membership Pavilion

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
