

FAA Safety Team presents:

Discover IMC Club / Master the Art of Instrument Navigation

Our intent is to create a community of pilots to share information, provide recognition, foster communications, promote safety and build proficiency in instrument flying. EAA/IMC Club, through the EAA's global Chapter structure, provides organized "hangar flying" focused on building instrument flying knowledge and skills.

The program's network promotes a safety culture through continued education and believes that we develop safety and proficiency through education and real life experience. Monthly meetings offer an opportunity to share in-flight experiences and valuable safety tips. Through the FAA Safety Program, aviation professionals provide informative WINGS presentations. You do not have to be an instrument rated pilot to attend.

Membership in the EAA/IMC Club is not required to participate in this meeting. For more information and to take part in this event, click the link below and register TODAY!

Directions: EAA Pilot Proficiency Center
AirVenture 2016

Venue Location: Four Corners (Knapp Street & Celebration Way). Across from the EAA Membership Pavilion
