

Weather for Dummies

“Uneven heating of the earth” – what does it all mean? As the weather and climate change, it is an excellent time to focus on how that affects our flying. To that end, Radek is presenting "Weather for Dummies." He breaks down complex concepts in simple terms you can understand without a degree in meteorology. What you will learn you will be able to apply for practical purposes in your aviation activities.

Directions: EAA Pilot Proficiency Center

AirVenture 2016

Venue Location: Four Corners (Knapp Street & Celebration Way). Across from the EAA Membership Pavilion

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
