

FAA Safety Team presents:

Clouds Tell a Story

Look up! If you pay attention to the sky, it can tell you a story of the weather. Pilots never let a cloud go by unnoticed. The clever ones will see how the clouds give hints of future weather systems. This seminar will show you the clues to the sky and what you might expect in the near future based on cloud observations and other supporting information - not to mention nature's artistry!

Directions: EAA Pilot Proficiency Center

AirVenture 2017

Venue Location: Four Corners (Knapp Street & Celebration Way), across from the EAA Membership Pavilion. [Click here for a map.](#)

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
