

FAA Safety Team presents:

VMC Club Inaugural Meeting - Mastering the Art of Aviation

EAA/VMC Club, through the EAA's global Chapter structure, provides organized "hangar flying" focused on building flying knowledge and skills. The program's network promotes a safety culture through continued education and believes that we develop safety and proficiency through education and real-life experience. Monthly meetings offer an opportunity to share in-flight experiences and valuable safety tips. Through the FAA Safety Program, aviation professionals provide informative WINGS presentations. Membership in the EAA/VMC Club is encouraged but not required to participate in this meeting. At the meeting, prospective members will be given the opportunity to meet and interact with IMC & VMC Club founder and EAA's Manager of Flight Proficiency - Radek Wyrzykowski. For more information and to take part in this event, click the link below and register TODAY!

Directions: The meeting room is on the left, as you drive in the ONLY main entrance 50' from the road. There is plenty of parking. The FBO is 50' from the meeting room.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
