

## Oops! I Bought a Lemon!

A story of a surprise, a grounded aircraft, and what it took to get it flying again, with a focus on owner/operator responsibilities. Learn about what your responsibilities may be as an owner, pilot, or operator and how things can slip through the "cracks". Learn what it takes to keep an aircraft airworthy and what you can do on your own.

**Directions:** Take the first right after entering the airport, then follow the road through the gate to the EAA Chapter Hangar.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
