

## Stalls Spins and Loss of Control OH MY!

Don't miss this exclusive safety briefing. Bob Berlyn, a retired FAA Inspector, Designated Pilot Examiner and FAASTeam Representative, will examine the number one causal factor of GA accidents. How do you recognize the precursors that could cause you to lose control of your aircraft? Where should your attention be when you are low and slow? Learn how to avoid the situations that can quickly transform an enjoyable time into a dangerous threat. Attend this informative briefing and get the answers! Click on the link below and register TODAY!

**Directions:** From the North: Take Rt. 295 South to Exit 9A to Rt 146 South. Turn on Rt 116 South. Merge to W. Greenville Rd. Left on Albion Rd. From the South: Take Rt 295 North and follow directions from above. For easy free parking please use the old main terminal building lot.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
