

**Boston FAA Safety Team presents:**

## **CFI Open Forum**

At this event we will discuss best practices for teaching Airworthiness Awareness in the hope that students will learn how to avoid system/component failure events. We also talk about best practices for systems operation and how to prepare students to deal with an engine failure in flight. This is a forum so your participation is essential to success. We really need to hear from you so be sure to join in the discussion.

Flight Instructors, Ground Instructors, Designated Pilot Examiners, and Instructors in training are welcome and encouraged to attend. Join your flight instructor colleagues and take an active role in improving safety in flight training! Click on the link below and register TODAY!

**Directions:** On Route 104 (Plymouth Street) , 0.4 Miles east of the center of Bridgewater MA, turn south into the West Campus Lot. It is directly across the street from the end of Hale St. and just west of the "T" train Tracks.

The Maxwell Library is just west of the parking lot (going away from train tracks) between Park Avenue & Shaw Road.

The event is in the Heritage Room.

See attached map for more details.
