

METARS - What are They Really Telling You

METARS are a part of every aviation weather briefing, or quick check of the weather by pilots. However, do you know how useful they really are? There is a ton of information and trends missed by all sorts of pilots, from the student to the 25,000 hour ATP. Learn more and be a smarter pilot.

Directions: American Aero Services.

From RT-24, south of I-495, take exit 13A on to RT-44 East. After 0.2 miles take a right on to Orchard St. that continues on to S St E. After about 1.5 miles, turn left on to Middleboro Ave. After 0.7 miles turn right on to Westcoat Dr.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
