

FAA Safety Team presents:

Discover IMC Club Meeting - Mastering the Art of Instrument Navigation

EAA/IMC Club, through the EAA's global Chapter structure, provides organized "hangar flying" focused on building instrument flying knowledge and skills. The program's network promotes a safety culture through continued education and believes that we develop safety and proficiency through education and real-life experience. Monthly meetings offer an opportunity to share in-flight experiences and valuable safety tips. Through the FAA Safety Program, aviation professionals provide informative WINGS presentations. You do not have to be an instrument-rated pilot to attend. Membership in the EAA/IMC Club is not required to participate in this meeting. For more information and to take part in this event, click the link below and register TODAY!

Directions: From the main entrance off of Crawford Blvd. enter main door. Info desk is on the left. Turn left at hallway and go to the end. The meeting will be in silver palm east or silver palm west.
From the back entrance off of Boca Raton Blvd/2nd Ave. enter the door and turn right at hallway to the end.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
Sign up for the FAA's safety services at www.FAASafety.gov!
