

FAASTeam presents:

Human Factors - Is it Causing Errors?

How have Human Factors and Human Error led to aircraft accidents. Look at a few dramatic accidents, some of which you may have never heard of, and how this led from the maintenance shop to the flight line to the accident sight. An important topic for any technician and also for anyone that operates an aircraft even as a pilot. For the pilot types, learn how you can influence the technician working on your aircraft with not so positive results.

Directions: FROM THE EAST -

Take Route 2 West from I-95/RT-128, at the intersection of RT-62 & RT-2, take a left at the lights for RT-62/Main St. In .5 Miles turn right on to Baker Street and proceed .3 miles to Baker Street Extension. Proceed .2 miles and the destination will be on your right.

FROM THE WEST

Take Route 2 East from the I-495. At the Concord Traffic Circle/Roundabout take the second exit to stay on RT-2 East. Proceed .6 Miles and turn right on to Baker Avenue Ext. The destination will be on your left.
