

## Aero Club of New England Fall 2018 Piloting Seminar

This course starts with the fundamentals of flying with ForeFlight, and builds towards advanced scenario-based planning. Over the course of three hours, you'll develop skills and confidence in using the app to its fullest potential. Attendees are encouraged to bring their iPad with ForeFlight installed and follow along throughout the course.

**Directions:** By plane: park at the main ramp, walk a course of 50 degrees for 100 yards, It is two buildings to the north from the main terminal building.

By car: Enter the airport complex from Sutton Street and park at the base of the tower. The entrance to Falcon Air is in the northern corner of the parking lot. Follow the crowd.

### A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASafetyTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
